## WORK EXPERIENCE

**BETTERLORE (MERKUR GROUP)** – PADERBORN (REMOTE), GERMANY

**FRONTEND DEVELOPER** – 01/09/2024 – CURRENT

Betterlore, part of the international MERKUR Group, builds next-generation iGaming platforms that merge physical slot machines with online technologies. In this role, I took on significant responsibility in shaping the platform's frontend and supporting team growth.

- **Engineered and developed** Canvas- and DOM-based frontends, delivering smooth real-time gameplay.
- **Designed** interactive animations and integrated audio features to enhance player engagement.
- **Led** the internationalisation (i18n) **project**, taking ownership of implementation and enabling scalability across global markets.
- **Trained** and mentored **new team members**, ensuring knowledge transfer and consistency in best practices.
- Collaborated in **Agile** teams, delivering high-quality features under tight deadlines.

**BETSSON MALTA** – TA' XBIEX, MALTA

**PRODUCT DEVELOPMENT INTERN** – 01/08/2022 – 01/09/2024

Worked on the Betsson Group's live platforms, gaining experience in large-scale product launches.

- **Developed frontend features** with Angular, TypeScript, HTML, and CSS.
- **Contributed to the successful launch of Betsson.co and Betsafe.lv**, strengthening market presence.
- Partnered with product managers, designers, and QA to deliver features in **Agile sprints**

**FREELANCE** – BIRZEBBUGIA, MALTA

**WEB DEVELOPER** – 01/08/2023 – CURRENT

Provided custom websites and e-commerce solutions for diverse clients.

- Delivered **responsive, SEO-optimised sites** using both custom code and WordPress.
- Created digital platforms for **politicians, retail shops, and portfolios**, boosting client visibility.
- Offered **maintenance and support**, ensuring long-term reliability.

**DELOITTE** – MRIEHEL, MALTA

**TRAINEE** – 31/05/2019 – 31/08/2019

At Deloitte, I worked in the IT Audit section, assisting the Senior Manager of IT Auditing. My tasks included building a database using SQL, creating graphs of client information, and frequently using Microsoft SharePoint and Power BI for reporting and data visualisation.
